**ORDER:**

In the reference 1<sup>st</sup> read above, the Chief Engineer, Nagarjunasagar Project, Hill Colony, Nalgonda District has informed that the Superintending Engineer, NSLBC O&M Circle, Tekulapally has stated that, the beneficiaries of Palaram and Palaram thanda who belong to small and marginal farmers have represented for providing L.I. Scheme on Palair River at Palaram village to create an irrigation potential of 750 Acres. The ayacut is localized under Palaram Major of NSLBC Command Area from 12.472 kms onwards. This ayacut is not getting water being located at the tail end to 25 R, 26L, 28R, 29 L (A) 29 L (B), 30 L and 31 R of Palaram Major. Further, the Executive Engineer, APSIDC Division, Miryalaguda has stated that the villages are facing fluoride problems and shortage of drinking water due to depletion of ground water table. The Superintending Engineer, NSLBC O&M Circle, Tekulapally has recommended for delocalization of ayacut of 708.86 Acres under Palaram Major from N.S.P. Command. The Tahsildar, Nadigudem (M), Nalgonda District has certified that, the above lands under palaram – B canal are not being cultivated by N.S.P. water since last many years due to non receiving of water. The District Collector, Nalgonda has accorded concurrence for taking up of L.I. Scheme on Palair River near Palaram (V) in Nadigudem (M) of Nalgonda District for Irrigating 750 Acres under the above scheme. The Chief Engineer, Minor Irrigation, Hyderabad has stated that, the Chief Engineer, IS & WR, Hyderabad desired that the Hydraulic clearance may be issued only after obtaining “No objection certificate” from the Government for delocalizing the ayacut duly getting the issue processed through the Chief Engineer, N.S. Project.

2. Subsequently, vide the reference 3<sup>rd</sup> cited, the Chief Engineer, Nagarjunasagar Project, Nalgonda District has requested to issue orders to delocalize the localized ayacut of Ac.710.21 Gts under palaram major from Nagarjunasagar Project Command.

3. In the reference 2<sup>nd</sup> read above, the Project Director, APSWIP, Hyderabad has informed that apart from availability of water after modernization, lot of issues are involved in utilization of this water since this is endowed with tail end problem. Further he has submitted that in view of previous experience as discussed with the Chief Engineer, Nagarjunasagar Project, providing LI Scheme on the river palair near palaram will solve tail end problems. Hence their office will concur with the Chief Engineer and Superintending Engineer recommendation on the subject issue.

4 Government, after careful examination hereby accord permission to delocalize the localized ayacut of Ac.710.21 Gts. under palaram major from Nagarjunasagar Project Command area.

**(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)**
